Solicitation

Project requirements are solicited and pricing determined

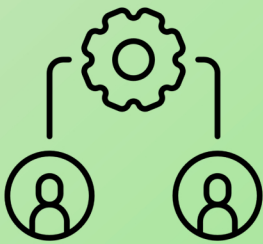

Documentation

Ensures aligned efforts and excellent results. This is our most important stage in the process. Produced document contains timelines, costs and project managers.

Project Start

The project kicks off once the documentation is approved. 25% of total project cost is paid.

The Work

The Adnab team begins the work. The client is looped in and milestones are completed.

Testing

Our team and the client test each completed requirement. Results in Done or Re-work

Feedback

Once all requirements are met, the Client marks the project as complete and provides feedback on their experience working with Adnab
